"Service, Quality, Fair Prices Since 1915"

We deeply appreciate your loyalty and kind patronage, and hope to serve you better this season because of larger supplies and better stock.

We never send out seconds or inferior grades.

Northern trees and shrubs are hardy. Nursery stock that can stand the winters in Otter Tail County can stand the severest weather in the United States.

TERMS OF BUSINESS AND OUR GUARANTEE

Cash with order unless otherwise agreed. Remit by P. O. or Express Money Orders, Bank Draft or your personal check. Send in your order early and remit when you want goods shipped, if you wish. We ship by express or freight; smaller shipments by mail. Allow for postage or tell us to ship C. O. D. for postage. State when you want shipment sent. While we exert the greatest care to have everything true to name we will not assume any responsibility for errors that may occur other than to replace any stock which may prove untrue. We replace all stock that fails to grow at one-half list price if reported to us within 90 days after goods are received. This means that it will reach you in a healthy, growing condition, and is a fair deal. All goods are shipped F. O. B. Battle Lake, Minnesota, unless otherwise arranged.

Send your order in as soon as you receive this catalog—the sooner the better.

IMPORTANT—If you remit by personal check, be sure to add 10c exchange charges.

The prices in this catalog cancel all other former prices.

POSTAGE ON PERENNIALS—Add 10c for postage on all orders up to \$1.00. On orders of \$1.00 and up to \$3.00 send 15c for postage. \$3.00 orders or over will be shipped Postage Prepaid. This applies to annuals, perennials, tubers and bulbs.

DOZEN RATES—When ordering 12 fruit trees, trees, shrubs, or perennials, order according to the following rules, to get the dozen rate. **FRUIT TREES, TREES OR SHRUBS**, Not less than 2 of one kind; 6 kinds. **PERENNIALS**, Not less than 3 of one kind, 4 kinds.

NOTICE—Send for our mimeographed perennial list. In it are listed **HERBS** and **ROCK GARDEN** Plants, with more complete description and cultural directions etc. It's yours Free.

LANDSCAPE DEPARTMENT

If you would like help in landscaping your yard, send for our special ruled Landscape paper with instructions for making your dimensional sketch from which we will draw the Landscape plan.

We must charge \$1.00 for the plan which is applied to your order after purchasing \$10.00 worth of stock. For large Estates, Parks, Cemeteries, and Public Parks the cost of the plan is slightly higher.

This is one of the most important departments of our business and we are sure you will be pleased with our plans.

Denver, Colo.—“The twelve 2-year-old Delphinium plants you sent me early in the spring are exceedingly satisfactory, and I got more, and better blooms from them than from the supposedly extra fancy roots purchased from eastern growers at 35c each. I plan to get some more of these for my garden next spring, if you still have them available.” Charles E. Brennen.

April 29th, 1935, Edmore, N. Dak.—“Received my Nursery Stock and everything was in fine shape. All my last years stock appears to be in good condition and beginning to bud out—such as Plum and Apple trees. I am building a Lily Pool, following instructions in your fine little pamphlet.

Bowesmont, N. D.—“Trees arrived Saturday morning and planted in the afternoon. They were the best lot of trees I ever received and I have been planting Nursery Stock at least thirty years. J. H.”

West Chester, Penna., Oct., 26, 1935—“We planted the 100 Pentstemon plants which you shipped Sept. 2, as soon as they arrived and they have made very fine plants—if we have an opportunity we will recommend your firm. The L. Co., Florists.”

Perham, Minn., March 5th, 1935—“The 500 Chinese (Elm) seedlings 12-18 in. I bought from you last year came thru in fine shape. Some grew to a height of 3 feet. Art. F.”

Milaca, Minn., April 8th, 1935—“Please send me 50 Chinese Elms 2-3 ft.—4 Gold Medal Delphiniums—send cheapest way. We ordered 50 Chinese Elms, 2-3 ft. last year and were pleased with the trees. Fen. Rt. 4.”

Minneapolis, Minn.—“Several years ago I ordered and received from you quite a large number of Peony plants which turned out to be some of the most lovely Peonies I have ever seen. 5-14-34. Mrs. G. K. N.”

WOLF RIVER C.—Large, handsome; yellow, striped red, juicy, pleasant, spicy flavor, very hardy.

NO. 423 APPLE—New, originated at Minnesota Fruit Breeding farm. Similar to Duchess, but a better keeper and of much better quality. Trees 10c extra. — *Beacon*

ERICKSON—Large red and good quality, Minnesota origination.

WINTER APPLES

ANISIM E. and C.—Season early winter. Color crimson; valuable in the Northwest.

HARALSON E. and C.—One of Minnesota State Fruit Breeding Farm apples. Keeps until spring in a common cellar. Quality very good. Hangs to tree until late.

McINTOSH E.—Medium size, dark red, good quality, juicy.

MALINDA C.—Season late winter; color yellow with red blush. Best winter apple for the north.

PERKINS (72) E. and C.—Keeps until May or June.

CRAB APPLES

Perfectly hardy, succeed everywhere; early and annual bearers.

HYSLOP—Large, deep crimson; one of the most beautiful; very popular.

FLORENCE—One of the best to plant. Very hardy; an early bearer. Fruit large, red and of good quality. Origin, Minnesota. Tree very hardy.

SWEET RUSSET—Large, roundish oblong, greenish, yellow, mild, sweet.

TRANSCENDENT—Immensely productive, bright red; one of the most popular.

PROF. HANSEN'S HYBRID PLUMS

The Plums Without a Plum Pocket

SAPA—Blue-black. Solid cherry plum. Very heavy bearer.

OPATA—Red; green meat. Large, fine flavor.

HANSKA—Red, flavor of apricot, fine for canning and preserves.

OKA CHERRY—This is the outstanding Hansen production of recent years. A sand cherry hybrid, bushy, but larger than Tom Thumb, it bears early and heavily. The fruit is the largest of the bush cherry type, dark red in color with reddish flesh, and of delicious flavor.

WANETA—The mammoth red plum. Size of a small crab.

We have other varieties grown by us. Tell us what you want if you do not find the variety listed.

NEW MINNESOTA HYBRID PLUMS

State Breeding Farm Fruit

NEW FEEBING PRIZE PLUM—Large red freestone and earliest plum yet introduced. Tested to be very good.

UNDERWOOD—A cross between Shiro and Wyant, is one of the outstanding members of the new group of hybrid plums. Red over yellow. Large, semi-cling, juicy, sweet. Early.

TONKA—A cross between Burbank and Wolf, considered one of the best of Minnesota hybrids, light red. Large, midseason, freestone, a good canner. Early.

RED WING—A Burbank and Wolf Cross, it's marked for distinction because of its unusually large fine appearing, light red fruits which are so well adapted to dessert and culinary purposes. The skins and pits are so easily removed that the fruits can readily be sliced and served with sugar and cream, like peaches. Midseason.

MONITOR—A Burbank and native cross, bronze red. Large, late. A delicious fruit and heavy cropper. Late midseason.

Number 195 Plum

SUPERIOR—194 Minnesota fruit Breeding Farm origination, quality the best, fruit of very large size. A red plum. Trees 10c extra.

NUMBER 195 PLUM—Another Minnesota Fruit Breeding Farm plum, but not yet named. Quality of the best. When you plant the Minnesota varieties you have something the western fruit grower can not beat. A red plum. Trees 15c extra.

#218 Minnesota Mammoth size
PLUM-CHERRIES *\$1.00 9/16*

COMPASS—Possibly the best known red plum-cherry hybrid, hardy in the most severe climate, early and heavy bearer, fruit good for cooking.

SAND CHERRY—Grows in a bush form, very ornamental for its flowers and fruit. The fruit is very good for jams and jellies.

AMERICAN PLUM—Seedlings, grown from native or hybrid plum pits and while the fruit will mostly be new kinds, they are worth while for windbreaks, screens and for fruit orchards. 2-3 ft., 10 for 90c; 25 for \$1.75.

DESOTO—Medium to large; color yellow turning to red when fully ripe; flesh firm and good. Medium to late.

OUTSTANDING (NEW) PLANT NOVELTIES FOR 1936-37

CHRYSANTHEMUM. Pink Cushion, the Azalea Flowered—At the 1933-34 Century of Progress Exhibition this New Chrysanthemum created sensational interest. Single plants when established have been known to have 1500 flowers open at one time. The color is of a pleasing rose pink. Blooms in late August and continues until killing frosts. We are able to furnish strong plants at 40c each; 3 for \$1.00; 12 for \$3.50.

CHRYSANTHEMUMS — Early Blooming kind besides the Pink Cushion.

Cavalier — Vermilion red, large single flowers.

Innocence—Pure white changing to soft pink, profuse bloomer.

Golden Queen — Large yellow. Each 20c, 3 for 50c, 6 for 90c.

NEW CARNATION,

Improved Crimson King —The truest hardy Outdoor Carnation, which resembles most of all the indoor Carnation, blooming in great abundance all summer, flowers full double of brilliant crimson color. Excellent for cutting, very hardy and extremely fragrant. 45c each, 3 for \$1.25; 6 for \$2.40.

BUDDLEIA Butterfly Bush—The three outstanding varieties—get the best.

Alternifolia (New)—This is the hardiest “Butterfly-bush” yet introduced, grows about five to six feet. It is a distinct and charming sight while in bloom with its long arching or pendulous branches covered with clusters of Lilac-purple flowers from early to late summer. 40c each, 3 for \$1.10.

Ile De France (New)—Grows 3 to 4 ft. The individual flower spikes measure 6 to 9 inches in length, with brilliant rosy purple with violet suffusion makes this one of the best varieties. Very fragrant. 45c each; 2 for 75c; 4 for \$1.25.

Lavender Glory (New)—A newer variety that is distinctly beautiful. The flowers are abundantly produced in graceful sprays during the summer months. Color is rosy lilac. Stock is very scarce. 50c each, 2 for 85c.

Farquhari—Common, but possibly the best, has long racemes of purple flowers, a low growing pendulous spreading shrub, foliage rich green and silver underneath. 25c, 3 for 60c, 6 for \$1.10.
